

POKHARA UNIVERSITY
Faculty of Science and Technology
Master Level Programs
Admission Eligibility Criteria

S.N.	Program	Eligibility Criteria
1	Master of Science in Bioinformatics	- Applicants must have completed a four-year bachelor's degree in Basic Sciences, Computer Science, Information Technology, Computer Engineering, Medical Laboratory Technology, Pharmacy, Microbiology, Biochemistry, Biotechnology, Public Health, Nursing, BDS, or MBBS, or an equivalent degree/program from a recognized university/institution. - A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or an equivalent grade at the bachelor's level from another recognized university/institution.
2	Master of Computer Engineering	- Applicants must have completed a Bachelor's degree in Computer Engineering or an equivalent degree/program from a recognized university/institution. - A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
3	Master of Science in Computer Science	- Applicants must have completed four-year bachelor's degree in any branch of Engineering, Computer Science, or B.Sc. in Data Science, Physics, Statistics, or Mathematics, or an equivalent degree/program from a recognized university/institution. - A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
4	Master of Science in Construction Management	- Applicants must have completed a Bachelor's degree in Civil Engineering, Civil & Rural Engineering, Hydropower Engineering, Architecture, or an equivalent degree/program from a recognized university/institution. - A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
5	Master of Science in Electrical Engineering in Power System	- Applicants must have completed a Bachelor's degree in Electrical Engineering, Electrical and Electronics Engineering, or an equivalent degree/program from a recognized university/institution. - A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
6	Master of Science in Environment Management	- Applicants must have completed a Bachelor's degree in Science, Forestry, Agriculture, Engineering, or other technical subjects, or an equivalent degree/program, from a recognized university/institution. - A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.

7	Master of Science in Hydropower Engineering	• Applicants must have completed a Bachelor's degree in Civil Engineering or an equivalent degree/program from a recognized university/institution. • A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
8	Master of Science in Natural Resources Management	• Applicants must have completed a Bachelor's degree in Engineering, Natural and Applied Sciences, or an equivalent degree/program from a recognized university/institution. • A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
9	Master of Science in Disaster Risk Engineering and Management	• Applicants must have completed either (i) a four-year bachelor's degree in Civil Engineering, Civil and Rural Engineering, or an equivalent degree/program, or (ii) a bachelor's degree in Architecture, or a four-year Bachelor of Science degree in Environmental Science, Environmental Management, Environmental Science and Management, Climate Science, Natural Resources Management, Agriculture, Forestry, Geology, or an equivalent degree/program, from a recognized institution. • A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
10	Master of Science in Sanitary Engineering	• Applicants must have completed a Bachelor's degree in Civil Engineering, Civil and Rural Engineering, Hydropower Engineering, Environmental Engineering, or an equivalent degree/program from a recognized institution. • A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
11	Master of Science in Structural Engineering	• Applicants must have completed a Bachelor's degree in Civil Engineering or an equivalent degree/program from a recognized university/institution. • A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
12	Master of Science in Transportation Engineering and Management	• Applicants must have completed a Bachelor's degree in Civil Engineering, Civil & Rural Engineering or an equivalent degree/program from a recognized university/institution. • A minimum CGPA of 2.0 at the bachelor's level from Pokhara University, or a minimum of second division or equivalent grade at the bachelor's level from another recognized university/institution.
